Renovation Update

Ground Floor

First Floor

Second Floor

Services

- Service connections are now fully installed and connected for all apartments
- Electrics fully complete and in working order
- Gas fully installed, connected and working

Bathrooms

- All bathrooms plastered and shower rooms now in. Now starting to paint and add floors

Video Mix of all Apartments

Kitchens have all been installed

Plastering has been carried out throughout where needed

Now all service connections have been made and switched on, the decorating can begin

Painting started on Monday just gone

Completion now scheduled for 4 weeks' time now that decorating has been able to start
